2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

“Empowerment through high expectations, achievement, and respect!”

It is our belief that everyone can achieve personal success. Through our daily efforts, all members of the Monte Vista Community will be empowered to reach school and individual goals. Monte Vista School maintains a commitment to providing a strong instructional program for our TK-8 students. Teachers, staff, parents, and administrators adhere to the principle of putting students first and tailoring the educational programs and climate to meet the needs of an ever-changing school population. All students at Monte Vista will experience the joy of learning in a safe and caring learning environment that maintains a balanced educational program.

Monte Vista School works throughout the year on the instructional program, striving to improve upon the quality of education that is provided. To provide students with the most comprehensive educational experience possible, all aspects of curriculum and instruction are aligned with State Common Core Standards, while incorporating SEAL (Sobrato Early Academic Language) and AVID (Advancement Via Individual Determination) frameworks. Student progress toward meeting standards is monitored through benchmark assessments conducted at various times throughout the year to ensure that students are making progress toward academic goals. In alignment with this, teachers follow the district assessment calendar that includes DORA and ADAM, which are both reading and math diagnostic tools, as well as the Focused IABS provided by SBAC. Data reflection sessions are held after each diagnostic and benchmark assessment to discuss grade level and individual student results. With this information, teachers collaboratively design and plan teaching strategies and methodologies as grade-level teams. Grade-level teams also analyze the results of these adjustments during the year to confirm the positive effects of diversity in common core teaching strategies. Furthermore, following a Response to Intervention (RtI) type model, teachers monitor student progress and adjust instruction based on need in all classrooms. As part of the school-wide focus on English Language Development (ELD) and Academic Language Development (ALD), all students participate in either ELD or ALD sessions for 45

2023-24 School Description and Mission Statement

minutes each day. At each grade level students are grouped by English language proficiency and/or by reading proficiency during the ELD/ALD block. This allows teachers to specifically target the language and academic needs of each group.

Various activities are available for student participation outside of the standard curriculum to enrich the programs and overall experience at Monte Vista School. Visual and Performing Arts (VAPA) programs are provided to all students in all elementary grades. Within the school is a library with extended after-school hours that includes varied reading levels, chapter books, and resource materials. Students have Chrome books or iPads, depending on grade level, within every classroom. Through State ASES funding, Monte Vista students also have access to "THINK Together," an after-school program that provides students access to homework assistance, healthy lifestyle education, physical activity, citizenship building, technology, field trips, and enrichment. Through our Expanded Learning Opportunities Program (ELO-P), Monte Vista is also able to offer extracurricular activities after school to provide students with creative and artistic learning activities, e.g. Spanish, Mandarin, Robotics, ceramics, coding, and sports.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The most recent internal inspections find the campus in good condition. Monte Vista School was originally built in 1956 for a growing student population. Monte Vista is a clean and safe environment for all stakeholders. Currently, our school serves approximately 850 students spanning the grades from Transitional Kindergarten to Eight in 37 classrooms. In addition, we have a library and a multi-purpose room. All of our facilities are in good repair and receive basic cleaning regularly. A “deep” cleaning is provided to all rooms, work areas, and restrooms during winter and summer breaks. Classrooms and restrooms are routinely serviced and immediately repaired. Daily reports of incidents that require repair are reported to our Maintenance and Operations department via an electronic reporting and monitoring program, with emergency repairs receiving the highest priority.

Our school provides a safe, clean, and well-maintained environment for the entire Monte Vista Community. To maintain safety, the campus is closed during school hours. All buildings meet State building codes and provide sufficient space for students and staff. Maintenance schedules and policies established through the district are met and carried out on-site by two full-time and three part-time custodians. Grounds are kept clean and safe, maintained daily, and are inspected regularly; 24-hour emergency personnel is kept on-call. District Maintenance personnel are also on campus regularly to ensure that our facilities are safe for our students. The following projects were completed in the past two years: our intercom system, adding two water stations, upgrading of our sound system outdoors for blacktop assemblies, and beautification of our grounds by adding a community garden near the main office, as well as an expansion of our middle school campus. Six full-size middle school classrooms and a middle school bathroom were added to the campus. This past year's projects included: expanding the middle school campus by adding three middle school classes, renovating the school kitchen, painting the campus, adding a water station in the cafeteria, expanding the staff parking, adding a fire hydrant for the additional classrooms, and upgrading the fire alarm system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Monte Vista promotes parental involvement in the educational process offering comprehensive programs and guides for the benefit of both the student and the parent. Communication between home, school, and community are continuous with school notices, community fliers, the Principal's Sunday evening phone messages, and the monthly parent calendar. Both the local community and Monte Vista School benefit greatly from their collaboration and commitment to each other. Parents are elected to various decision-making committees on campus including School Site Council, English Learner Advisory Committee (ELAC), Superintendent's Parent Advisory Council (SPAC), Partnership Action Team (PAT), and our Positive Behavior Interventions and Supports (PBIS) site team. Leadership requires the participation of more than just school administrators to succeed.

All parent meetings are in person and are advertised through our Parent Messenger system, other modes of communication include Facebook, the school website, and the teacher digital platform, and posted near the front office. Additionally, parents and community members are encouraged to participate in organized activities such as serving on committees, attending monthly meetings, participating in training workshops, volunteering on campus, fundraising, and chaperoning during academic field and study trips. Parents also receive educational activities to support learning at home with their children. We encourage our parents to be involved and assist in the classroom, when possible. Parents can also learn more about involvement opportunities and/or give input at the quarterly "Coffee with the Principal" and "Coffee with the Counselor" events and during our Monthly Parent Meetings. As part of the volunteer opportunities for parents, we have PBIS student reward event volunteers, working on the preparation of instructional and extracurricular materials for classrooms in the parent room, etc. All volunteers on campus meet the district and state requirements for volunteering on school campuses. If you wish to get involved in the school's activities, or simply volunteer, please contact the Community Liaison, Ms. Myra Lomeli at (626) 652-4659. She is a valuable resource to any family in need and we encourage all parents to feel welcome to request her guidance.

2023-24 School Safety Plan

Monte Vista School maintains an environment conducive to every aspect of the learning process, from the policies about the structural soundness of the campus to creating a positive learning environment. To promote student discipline and personal safety positively we implement the Positive Behavioral Interventions & Supports (PBIS) framework, which focuses on four SOAR core expectations: Show Respect, Own Your Actions, Always Have a Positive Attitude, and be Ready to Learn. To recognize student positive behavior we conduct monthly SOAR Assemblies. A positive learning environment is also promoted through the various social skills programs at Monte Vista School. Positive reinforcement is given for good behavior, citizenship, attendance, and achievement in the form of awards, certificates, prizes, privileges, and other recognitions. All students participate in and are rewarded through our Monte Vista College-focused Reading Challenge. As outlined in the Student Handbook, discipline procedures are followed with each student in all classrooms and provide assurance that the school is making every effort to keep students safe from harm. Students attending Monte Vista School are under constant adult supervision. Aside from their teachers' supervision during class periods, campus monitors and two campus security officers keep oversight of students during recess and lunchtime. In addition, the campus monitors and two campus security officers are on the grounds before students arrive in the mornings and ensure bus-loading/parent pick-up safety in the afternoons.

In further striving to ensure student safety, Mountain View School District adopted the School Safety Plan in collaboration with the Los Angeles County Office of Education. The plan guides key safety elements, including child abuse prevention/reporting, safe ingress/egress, safety drills/disasters, and discipline procedures. The plan is discussed, reviewed with staff, updated annually, and available to the public through the school office. The last review and revision took place in September 2023 and was submitted for Board Approval in October 2023. We hold bi-monthly "disaster" drills that prepare students, staff, and parent volunteers to react to real-life situations and are supported by our School Safety Plan. Our disaster preparedness plan includes regular practice of routines and procedures for fire, earthquake, evacuation, and emergency lockdowns. We maintain an emergency storage bin stocked with fresh water and other supplies for use during a disaster. Since our school has a closed-campus policy, volunteers and visitors are welcome but must sign in at the office and wear the badge to identify that

Fiscal Year 2022-23 Types of Services Funded

With funds from the State and the Federal government, Monte Vista School utilizes funds to meet the academic and social-emotional needs of all of our students. The Single Plan for Student Achievement (SPSA) outlines our goals and our planned budgetary expenditures to meet them. Our School Site Council (SSC), made up of staff and parents, annually reviews and revises the plan and our progress toward meeting our goals. In addition, the SSC monitors the SPSA's cycle of implementation and improvement throughout the school year and seeks input from parent groups such as the Parent Action Team (PAT), the School Leadership Team, other school staff, and the English Language Advisory Council to update the plan as needed. Monte Vista School is supported by multiple funding sources from both the State and Federal governments. Funds are used to pay for library services and books, classroom technology, instructional supplemental services, health clerk services, supplemental instructional materials, instructional software, and professional development among other things. The majority of these funds are used to pay for support personnel that provides direct services to our students such as instructional assistants, library technician, community liaison, health clerk, school counselor, and computer technician. Parent Involvement and education are also paid for by LCAP and Title I funds.

Professional Development

Monte Vista teachers are all fully credentialed and have all received professional development on SBE-adopted instructional materials. The district offers full 3 days of professional development throughout the school year and teacher-directed professional development on the third Tuesday of every month in accordance with the district LCAP plan. Other additional professional development opportunities are available through site and district TOSAs, webinars, and structured classified and certificated professional development online and weekly collaboration sessions. Site professional development occurs as needed through site staff meetings and grade-level collaboration meetings.

Each year professional development is based on student data and teacher needs. During the 2022-2023 school year, professional development for all staff focused on Mission and Vision, as well as Culture and Climate. Continuous professional development focuses on professional growth and the development of knowledge and skills for all employees resulting in improved student academic performance.

This table displays the number of school days dedicated to staff development and continuous improvement.
